COUNTY (Cont. from 1)

Colorado Department of Transportation access permit, which has not yet been granted. The Walker Road intersection is anticipated as a one-lane roundabout and requires county approval.

The application received a lot of opposition, with the county receiving 63 communications against and three in favor. Eighteen people spoke in opposition at the hearing while six spoke in favor. An online petition opposing the application had attracted more than 700 signatures

ahead of the hearing.

While neighbors stressed that they were not opposed to a school in principal, they had major concerns about the safety of the location, particularly regarding access from two already busy roads and within such close proximity to the Highway 105/Highway 83/Walker Road intersection. Neighbors noted that because it will be a charter school, students would not be bused to the site and warned that safety would be of even greater concern during bad weather.
