

funds and make reports to the board and the public.

- If MA determines it will not pursue construction of the facilities, the \$3.5 million would be deposited in the district's capital improvement fund.
- If MA dissolves or chooses not to renew its contract with the district, this fa-

cility will revert to district ownership.

The MLO funds would direct the expenditure of \$1 million per year until the end of 2025 for:

- Armed security and well-ness intervention support.
- Acquisition and training of gun-sniffing dogs to detect weapons and socialize

with students and staff.

- Staff safety and security training.
- Formation of a Citizens Safety and Security Oversight Committee to monitor expenditure of revenue and report to board.

Lewis-Palmer D-38 Board of Education, Sept. 17 and 27

# Board hears from construction firm for new elementary, discusses Amendment 73

By Harriet Halbig

The Lewis-Palmer D-38 Board of Education received a report from the contractor for a potential new elementary school in Jackson Creek, discussed Amendment 73, recognized district and community individuals, and enjoyed a ukulele performance at its Sept. 17 meeting.

**Plans in place for proposed new elementary school**

Mike Hester, senior projects manager for G. H. Phipps Construction Co., spoke to the board of plans for a new elementary school on the campus of the current Bear Creek Elementary.

Current plans, assuming passage of a bond issue on the November ballot, call for the construction of a new elementary and conversion of Bear Creek Elementary back into a middle school, as was its original use (then Creekside Middle School).

This plan is supported by
