

PALMER LAKE (Cont. from 1)

Concerns with the town website included:

- Difficulty searching for information.
- Website does not represent the town or local businesses adequately.

The questions about the Police Department indicated satisfaction with:

- The department's concern for safety and welfare.
- The officers' training, respect for residents, and willingness to help.
- Responsiveness of police chief.

The survey indicated concerns with police staffing and round-the-clock coverage, but also indicated residents did not want to receive policing from the Town of Monument.

Survey results showed a high degree of satisfaction with the Palmer Lake Volunteer Fire Department.

Other survey results indicated residents wanted all funds from the 2A ballot initiative, which allocated 10 mills of tax revenue to the Fire Department, to be provided only to the department, and also that residents consider water quality and availability a high priority.

The council took no action based on the presentation of the survey results.
