ment Town Code Section 9.12.050 that regulates possession of marijuana, marijuana products, and marijuana accessories and prohibits open and public consumption of marijuana was also unanimously approved.

The board members all thanked Kassawara, Shirk, and Shupp for their prompt response to approval of Amendment 64 in researching and producing the two approved ordinances.

Renewable water discussion background

Background: On Nov, 21, 2005, the board unanimously approved an "Emergency Ordinance Establishing a Maximum Expenditure for Purchase, Construction, and/or Rehabilitation of a Police Department/Government Complex." This ordinance capped the amount of water sales tax revenue that could be reallocated for the Police Department building to \$2.5 million, but did "not cap how much can be spent on the facility using other sources of revenue." The ordinance also stated that any reallocated water tax revenue beyond this cap "will be expended on the acquisition of new water rights and the transport and storage of these newly acquired water rights."
