

Tri-Lakes Cares Donation

Above: Zach Brown recently made a donation at Tri-Lakes Cares to help sustain the annual Holiday Food program for families in the Tri-Lakes community who otherwise would not be able to provide Thanksgiving and Christmas meals for their loved ones. Cash funding for this year's budget has been greatly reduced, and TLC is desperately in need of help. "If we are not able to raise the money needed to purchase food, we won't be able to provide every family with the essential foods needed to cook a traditional holiday meal," said Julie Seeger, program manager at Tri-Lakes Cares.
