**Disc golf tournament generates complaints**

Banta told the board that a recent disc golf tournament had resulted in some complaints about drinking and camping in the park, and he requested that a more orderly process be followed if the event is held again.

**GOCO grant paperwork**

**in good shape**

Green-Sinnard told the board that, as she took over the administration of the GOCO grant, she was pleased to find that "all the contracts were buttoned up and signed." Her role in regards to the Awake the Lake effort will be to ensure paperwork is done, people are reimbursed, volunteers are adequately insured, and help

keep things running smoothly, Green-Sinnard said.

Green-Sinnard asked the board to approve an agreement to allow completion of the 18th hole of the disc golf course adjacent to the lake. The board voted unanimously to approve the agreement.

**Business license renewed**

*Donala Water and Sanitation District, Sept. 17*

**Operators praised for water main**

*By Jim Kendrick*

On Sept. 17, General Manager Kip Petersen briefed the Donala Water and Sanitation District board on the prompt actions that four Donala water operators took on Aug. 22 when they responded to an excessively high flow reading and unusually high pump activity to minimize the damage caused by an early morning water main leak on Jessie Drive adjacent to the Antelope Trails Elementary School. Petersen introduced water operators Ronny Wright, Aaron Tolman, and J.R. Vialpando who worked straight through until 11:45 p.m. to restore service. Troy Vialpando, the fourth member of the repair team, was on vacation and could not attend the board meeting. He was also praised by Petersen and the directors.

The board also unanimously approved the purchase of a former Gleneagle golf course maintenance building and storage lot from the new residential devel-

oper that is now the owner of the former golf course parcel.
